Through volunteers, MVC desires to create the possibility for change in this community through the development of key leaders in the church community.

Through the training and development of youth in different trades, it is also hoped to strengthen the church community over time.

## ***THE PLANS***

The church building was built in 2014 and serves as the focal point of the ministry. The **second** phase involves the construction of two children classrooms and a skills training area.

The vision of the local leadership includes a third stage involving agricultural initiatives, water purification, opportunities for education sponsorships and more.
